

## Samsung 46" 3W x 3H Infrared Touch Video Wall

# SAMSUNG

### Interactive Infrared Touch Solution

The TSi touch solution is Infrared (IR) based, allowing for a high accuracy interactive experience. The usage of IR technology allows for virtually any input to be detected (pen/stylus, user's fingers, palms, gloved fingers). This solution is protected by the TSi touch Glass Retention Bezel System (GRBS). The GRBS is a modular solution that allows protective glass to be mounted directly to each display. It consists of four precision machined metal bezels, 1/8" tempered cover glass, and all mounting screws (per display). The GRBS does NOT block any of the viewable display, does not interfere with the interactive technology, and is easily removed in the event of monitor failure.

#### Multi-Touch Screen

True multi-touch support with 6, 10, 12, or 32 simultaneous touch points for all major operating systems

#### Easy Integration

Unrivaled simplicity makes installation easier and faster

#### Ultra-Fast Response Time

Allows for split second reactions between touch point and screen

#### HID Compliant

Maximum compatibility with numerous operating systems, plug-and-play

#### Superior Design

Full steel chassis combined with tempered glass provides additional protection to the LCD panel

#### Customizable

Custom colors and silk screening available

### Specifications

Displays Compatible	UD46E
Part Number	TSI46NSQPQDLRB2
Orientation	Portrait
Columns and Rows	3W x 3H
Protective Glass	1/8" Anti-Reflective Tempered Glass
Frame Material	Black Powder Coated Cold Rolled Steel
Touch Technology	Infrared
Touch Points	32
Response Time	6 - 16ms
Touch Accuracy	+/- 2mm (Over 99% Area)
Interface	Type A USB/M
Communication	USB 2.0
Remote Control Receive	N/A
Power Supply Mode	USB
Width/Height/Depth	72.17" x 122.91" x 4.53"
Weight	78.26 lbs
OS Support	Windows, Chrome, Android, Mac, Linux
