

LG 55" Projected Capacitive Touch Screen Solution

Projected Capacitive Interactive Solution

TSItouch's line of projected capacitive touch displays are engineered specifically for commercial customers who are looking for a rugged and durable touch screen that does not sacrifice on image quality. Featuring a seamless flat front bezel design, the monitor can easily be wiped clean, eliminating any worries about dust and dirt collection. This helps extend the use of the display and enhances the touch experience.

Multi-Touch Screen
 True multi-touch support with up to 40, 80, or 100 simultaneous touch points for all major operating systems

Easy Integration
 Unrivaled simplicity makes installation easier and faster

Ultra-Fast Response Time
 Allows for split second reactions between touch point and screen. Rapid and smooth touch response

HID Compliant
 Maximum compatibility with numerous operating systems, plug-and-play

Superior Design
 Zero bezel flat front, tempered glass touch screen with excellent optical performance

Easy to Clean
 Water and dust resistant
