

## LG 55" Outdoor Infrared Touch Solution

### Outdoor IP64 Rated Infrared Interactive Solution

The TSi touch overlay is an Infrared (IR) based solution, which allows for a high accuracy interactive experience. The usage of IR technology allows for virtually any input to be detected (pen/stylus, user's fingers, palms, gloved fingers). The TSi touch overlay is a full steel chassis which increases durability, while protecting the display.

### Specifications

Display Compatible	LG 55XE3C
Part Number	TSI55NLQAT6VZZZ
Protective Glass	N/A
Frame Material	Black Powder Coated Cold Rolled Steel
Touch Technology	IR
Touch Points	6 Point
Response Time	6 - 16ms
Touch Accuracy	+/- 2mm (Over 99% Area)
Interface	Type A USB/M
Communication	USB 2.0
Remote Control Receiver	Extender Not Required
Receiver Extender	N/A
Power Supply Mode	USB Powered
Width/Height/Depth Including Monitor	30.35" x 53.52" x 7.05"
Weight (Without Monitor)	14.11 lbs
Width/Height/Depth Including Stand	30.35" x 74.82" x 7.05"
OS Support	Windows 8/7/Vista/XP, Mac OS X, Ubuntu/Fedora

**Multi-Touch Screen**  
 True multi-touch support with up to six simultaneous touch points for most major operating systems

**Weatherproof Design**  
 Outdoor IP 64 rated display and touch interface protects against inclement conditions. Built in heater melts away snow to maintain touch interaction

**Ultra-Fast Response Time**  
 Allows for split second reactions between touch point and screen

**Easy Integration**  
 Unrivaled simplicity makes installation easier and faster

**Superior Design**  
 Full steel chassis provides additional protection to the LCD panel

**Sunlight Immune**  
 Enhanced filtering allows for operation in ambient light conditions up to full sunlight
