

LG 65" Protective Solution

High-Strength Protective Solution

The TSi touch protective solution is a full steel chassis integrated with tempered cover glass, which increases durability and protects the display. The bezel may be screen printed with any needed branding/logo. Our protective bezels can be designed to look identical to our interactive solutions, allowing for continuity between touch and non-touch displays.

Superior Design
 Full steel chassis combined with tempered glass provides additional protection to the LCD panel

Easy Integration
 Unrivaled simplicity makes installation easier and faster

Customizable
 Custom colors and silk screening available. Black, white, and silver bezels are all readily available
