

Philips 49" Projected Capacitive Touch Screen Solution

PHILIPS

Projected Capacitive Touch Solution

TSI Touch's line of projected capacitive touch displays are engineered specifically for consumer and commercial customers who are looking for a rugged and durable touch screen without having to sacrifice on image quality. Featuring a seamless flat front bezel design, the monitor can easily be wiped clean, thereby eliminating having to worry about dust and dirt collection, which helps extend the use of your display and enhances your touch experience.

Multi-Touch Screen
 True multi-touch support with up to 100 simultaneous touch points for all major operating systems

Easy Integration
 Unrivaled simplicity makes installation easier and faster

Ultra-Fast Response Time
 Allows for split second reactions between touch point and screen

HID Compliant
 Maximum compatibility with numerous operating systems, plug-and-play

Superior Design
 Zero bezel flat front, clear tempered touch screen with excellent optical performance

Easy to Clean
 Water and dust resistant

Specifications
